

Stuart, Fla. – Congressman Tom Rooney (R-Fla.) released the following statement regarding the cancer cases in the Acreage:

“I was very concerned to hear about the cancer cases in the Acreage. My office is in contact with both the local department of health and the Department of Environmental Protection regarding the cancer cluster in the Acreage. As the local and state authorities move forward with their investigation, my office will continue to monitor the situation and lend any assistance possible as things move forward. If residents need additional assistance please contact the local health department or don’t hesitate to contact my office.”
