

Washington, D.C. – U.S. Rep. Tom Rooney (FL-16) today introduced a bill to help the American Military Retirees Association (AMRA) achieve its mission of protecting benefits for veterans by granting AMRA a federal charter.

“The American Military Retirees Association helps veterans and military retirees receive the benefits they have earned,” Rooney said. “Their mission is simple – ensure that the United States meets its obligations to the men and women who spend their careers putting their lives on the line to defend our country.

“Granting AMRA a federal charter will give them the recognition and standing they need to better serve their members, America’s veterans.”
