

Washington, D.C. – U.S. Congressman Tom Rooney (R-Fla.) will attend the 16th annual Red Cross Hurricane, Health and Safety Fair at the Treasure Coast Mall on Saturday, May 22.

“With hurricane season approaching, the Hurricane, Health and Safety Fair is a one-stop resource for Treasure Coast families to make sure they are prepared with a plan of action in the event of a hurricane,” said Rooney. “Attending this Fair will help you learn what to do before, during and after a hurricane, and it could help save your life.”

The Hurricane, Health, and Safety Fair provides a full spectrum of services and programs designed to keep residents safe and secure during hurricane season and throughout the year. It will be held at the Treasure Coast Square mall on May 22 during regular mall hours, and will feature a wider array of vendors and government agencies to provide crucial information and products to help residents prepare, survive and recover from a hurricane. Congressman Rooney will attend the day-long event at approximately 12:15 pm.
