

Washington, D.C. – U.S. Rep. Tom Rooney (FL-16) today spoke on the House floor regarding the Obama Administration’s recent decision to force religious institutions to provide free coverage of contraceptive, sterilization and morning-after pill services, even if those services violate the teachings of an institution.

“This is about much more than contraception,” Rooney said. “This is about Catholic schools and Catholic hospitals having to sacrifice conscience to comply with Obamacare. I believe that this is a clear violation of the free exercise clause of the first amendment of the Constitution.”
